

NON-DISCLOSURE AND CONFIDENTIALITY AGREEMENT

(Recipes, Culinary Formulations & Related Intellectual Property)

This Non-Disclosure and Confidentiality Agreement (the "Agreement") is entered into as of 07/07/26 (the "Effective Date"), by and between:

Disclosing Party: "Chef Zane Turner", "Disclosing Party", or "Company":

Full Name: Zane Roy Turner

Business Name: Gestion Midehyah.Inc

Address: 1042 Rue Berger, Mont St Hilaire, Quebec, J3G 4S6, Canada.

Receiving Party: an independent computer programmer/software developer ("Programmer" or "Receiving Party"):

Full Name: Nishita Bhakar

Company Name: _____

Address: _____

Collectively referred to as the "Parties."

1. Background and Purpose

Chef Zane Turner operates a restaurant and culinary business and has engaged Programmer to design, develop, and build a chef organization software program intended to facilitate menu creation, recipe management, and planning (the "Project"). In order for Programmer to complete the Project, Chef must share certain original recipes, formulations, techniques, pricing, costing data, and related materials that constitute valuable confidential information and trade secrets of Chef Zane Turner. This Agreement governs the protection of that information.

2. Definition of Confidential Information

"Confidential Information" means any and all non-public information disclosed by Chef Zane Turner to Programmer in connection with the Project, whether oral, written, electronic, or in any other form, including but not limited to:

1. Original recipes, ingredient lists, ratios, formulations, and preparation methods;
2. Cooking techniques, plating designs, menu structures, and culinary processes;
3. Costing, pricing, supplier, and sourcing information;
4. Business plans, branding concepts, and product development plans (including any vegan or other product lines in development);
5. Any documents, files, drafts, photographs, notes, or data provided to Programmer for purposes of building or testing the Project; and
6. Any other information that Chef Zane Turner identifies as confidential, or that a reasonable person would understand to be confidential given the nature of the information and circumstances of disclosure.

3. Exclusions

Confidential Information does not include information that: (a) is or becomes publicly available through no fault of Programmer; (b) was already lawfully known to Programmer prior to disclosure, as shown by written records; (c) is independently developed by Programmer without use of or reference to the Confidential Information; or (d) is rightfully received from a third party without breach of any confidentiality obligation.

4. Obligations of Receiving Party

Programmer agrees to:

7. Hold all Confidential Information in strict confidence and not disclose it to any third party without Chef Zane Turner's prior written consent;
8. Use the Confidential Information solely for the purpose of designing, developing, testing, and supporting the Project, and for no other purpose;
9. Take reasonable precautions to protect the Confidential Information from unauthorized access, including secure storage of any digital files, recipe documents, or code repositories containing such information;
10. Not copy, reproduce, distribute, publish, or use any recipe or culinary formulation disclosed under this Agreement for Programmer's own benefit or for the benefit of any third party;
11. Not reverse-engineer, replicate, or commercially exploit any recipe, formulation, or product idea disclosed in the course of the Project; and
12. Promptly notify Chef Zane Turner in writing if Programmer becomes aware of any unauthorized use or disclosure of the Confidential Information.

5. Ownership and Intellectual Property

Chef Zane Turner retains sole and exclusive ownership of all Confidential Information, including all recipes, formulations, and culinary intellectual property, whether or not such materials are marked confidential. No license or other right to the Confidential Information is granted to Programmer, except the limited right to use such information solely as necessary to complete the Project. Any software, code, or program developed by Programmer for the Project shall be subject to a separate written agreement between the Parties governing ownership, licensing, and work-for-hire terms; this Agreement does not by itself transfer ownership of such software to either Party.

6. No Use in Software Output

Programmer agrees that no actual recipe content, proprietary ratios, or formulations belonging to Chef Zane Turner shall be embedded, hard-coded, retained, or reused by Programmer outside the scope of the Project, and that any sample or test data used during development will be deleted or returned upon completion of the Project unless otherwise agreed in writing.

7. Term and Survival

This Agreement shall remain in effect from the Effective Date and shall continue for as long as Programmer has access to Confidential Information, and shall survive for a period of five (5) years following the termination of the Project or this Agreement, whichever is later, with respect to all Confidential Information disclosed during that time.

8. Return or Destruction of Materials

Upon completion of the Project, termination of this Agreement, or upon Chef Zane Turner's written request, Programmer shall promptly return or permanently delete all documents, files, code, and other materials containing Confidential Information, and shall confirm such return or destruction in writing if requested.

9. Remedies

Programmer acknowledges that the Confidential Information is of substantial commercial value to Chef Zane Turner and that unauthorized disclosure or use would cause irreparable harm for which monetary damages alone may be inadequate. Accordingly, Chef Zane Turner shall be entitled to seek injunctive relief, in addition to any other legal or equitable remedies available, in the event of a breach or threatened breach of this Agreement.

10. No Obligation to Disclose

Nothing in this Agreement obligates Chef Zane Turner to disclose any particular Confidential Information to Programmer, and Chef Zane Turner may withhold any information at its sole discretion.

11. Independent Contractor Relationship

This Agreement does not create a partnership, joint venture, or employment relationship between the Parties. Programmer remains an independent contractor with respect to all services performed for the Project.

12. Governing Law

This Agreement shall be governed by and construed in accordance with the laws of the Province of Quebec and the federal laws of Canada applicable therein, without regard to conflict of law principles. The Parties consent to the exclusive jurisdiction of the courts located in Quebec for any disputes arising under this Agreement.

13. Entire Agreement; Amendment

This Agreement constitutes the entire understanding between the Parties regarding the confidentiality of the information described herein and supersedes any prior oral or written agreements on this subject. This Agreement may only be amended in writing signed by both Parties.

14. Severability

If any provision of this Agreement is found to be unenforceable or invalid, that provision shall be limited or eliminated to the minimum extent necessary so that the remainder of the Agreement remains in full force and effect.

15. Signatures

By signing below, the Parties acknowledge that they have read, understood, and agree to be bound by the terms of this Agreement.
